## Save Time and Trees with our Online Billing

Do something for yourself and Mother Earth. Streamline monthly bill paying by enrolling in auto bank draft and paperless bill pay from WIN. It's a simple and small change that can yield big benefits.

By viewing your bill online and enrolling in paperless billing, the average household can save 6.6 pounds of paper every year. Not only do we do our part in preserving our environment, we save money on the rising cost of stamps as well as avoid mail delays.

To enroll, visit [www.wabash.net](http://www.wabash.net) for an auto bank draft form or contact our office. It takes just minutes to enroll, and reaps lasting rewards.

**Sign up for paperless billing and bank draft and get \$2 off your bill each month!**

## Military Channel will be replaced with American Heroes Channel

## Illinois Cooperative Youth Day is April 2, 2014

Have a high school junior or senior interested in government? Have them speak to their guidance counselor at school. WTCI and WIN will be sponsoring up to 10 students for a Youth to Springfield trip on April 2, 2014. Students will also have the opportunity to be chosen for a week-long trip to Washington DC, June 13-20, 2014. Check out it out at [www.nreca.coop/youthtour!](http://www.nreca.coop/youthtour!)

Each year, nearly 300 outstanding students get an up close and firsthand look at democracy in action when they meet their elected representatives during Illinois Electric and Telephone Cooperatives Youth Day. Over the years, thousands of students have learned how government works and why it's important for every citizen to get involved in it. State senators and representatives have the opportunity to inspire and encourage the leaders of tomorrow during this annual event, held in Springfield.

## Notice: Rate Increase

Due to the demanding rate increases passed along by the programmers, an increase will take effect with your March 2014 statement. As your service provider, we are committed to providing you with the channel selections you want while doing all we can to maintain package prices. This will not be easy, and you will continue to see price increases in the future as the cost we pay for these channels keeps going up.
