MAINTENANCE, MONITORING & REPAIR

Whole Home Maintenance Plan

Wabash values you as a subscriber, and we certainly don't want you to be faced with expensive charges should weather, lightning or normal day-to-day use damage your phone, TV, or Internet inside wiring. The Whole Home Maintenance Plan is an optional monthly service for homes and businesses. It includes all of the wiring that runs from the Network Interface Device into your home or business, through the walls and into the outlets. With this plan, Wabash will repair jacks and inside wiring at no additional charge. Available for \$3.00/month.

Excludes abuse of wiring. Does not cover improperly installed or non-standard telephone wiring and intentional acts of destruction. It also does not cover your equipment that is plugged into the wiring.

Wabash Watch

Enjoy the peace of mind of Wabash Watch—home automation solutions you control from any smart mobile device or Internet connection. Especially comforting for parents, it lets you unlock a door to let children in and then secure the door behind them, or receive an email when they arrive home from school. Wabash Watch also lets you monitor your vacation home or be alerted if an elderly family member hasn't moved throughout the house. In addition, it can help you save money through energy efficiency by remote management of your thermostat.

Computer Repair Service

Are you having trouble with your home computer, Internet connection, printer or other computer device? Wabash has a trained, certified, and insured technician on staff to provide support for many common computer problems. Schedule a repair appointment in the most convenient manner for you, either Mobile Service (the technician comes to your home for on-site work) or Drop Off & Pick Up.
