

Rural Broadband Residential Survey

We would like to express our full support of the Community Connect Grant (CCG) application for Wabash Communications. Wabash Communications has a long and successful history of providing state-of-art broadband service at modern speeds to other rural communities and has a strong reputation for customer service and community commitment, we are confident in Wabash's capabilities of enhancing broadband service in our community.

We currently live within the PFSA (Proposed Funded Service Area) and are unable to gain access to broadband at the speed limits defined in the CCG application guide (10Meg Download or 1Meg Upload speeds.)

The following is a summary of the current services we are able to receive:
